Withdrawal

You have the right to cancel a contract for any reason within 14 days. The 14-day cancellation window begins on the day that you or a third party, named by you, who is not the carrier, receives or has the product in possession. If you have purchased multiple products in one order and these are delivered separately, the cancellation period begins 14 days from the day on which you or a third party, named by you, who is not the carrier, receives or has the last product in possession. If you have ordered a product that is delivered in several partial shipments or in several parts, the cancellation period begins 14 days from the day on which you or a third party, named by you, who is not the carrier, receives or has the last partial shipment or last part in possession.

In order to exercise your right to cancellation you must inform us (Einlassband.eu, Bert Beier, Bismarker Str.15, 39579 Kläden, Tel.: 039324 929790, Fax: 039324 98744, E-Mail: shop@einlassband.eu) explicitly in writing (for example, by letter, telefax or e-mail) of your decision to cancel the contract. You may use the sample cancellation form, although this is not required. You may use the sample cancellation form or fill out and forward to our website electronically another explicit explanation. Should you make use of this option, we will immediately (for example, by e-mail) send a confirmation of such a cancellation upon receipt.

To ensure the cancellation, it is sufficient that you mail information about your decision to exercise the right of cancellation before the end of the cancellation period. The right to cancellation is no longer valid in the case of shipment of

a) products that are not pre-assembled and in which your individual choice or determination is applicable to the production of the item, b) products that are customized explicitly to your personal requirements c) sealed products that can not be returned for reasons of health or hygiene after their seals have been broken (for example, electric toothbrushes)

Consequences of revocation

In case of an effective revocation all received benefits have to be returned from both sides and if necessary all profit derived from its use (e.g. interest) has to be returned. If you are unable to return the received services and / or objects entirely or in parts or only in a worsen condition, you have to pay an appropriate compensation for it. This regulation is not valid if the worsening of the object has been exclusively caused by testing it like it would have been possible in a shop. You can avoid being charged for compensation because of a worsening of the received object by treating it like it is not your property and not carrying out anything which might decrease the value of the object. Goods capable of being shipped by parcel have to be returned on our risk. You have to bear the regular costs for the return if the value of the returned object does not exceed an amount of 40,00 Euros or if you have not rendered the service in return or the contractually fixed instalment at the moment of revocation. In all other cases the return is free of cost for you. Goods not capable of being shipped by parcel are collected from you. The duty of reimbursement of payments has to be discharged within a period of 30 days. This period starts with the dispatch of your revocation resp. the returned object, for us with the receipt of it.

The power of revocation is not valid for audio- and video- records or software if the delivered data medium has been unsealed by the consumer. The power of revocation is also not valid for highly perishable goods and individual special editions. This definition includes all objects that have been specially produced for the customer on demand according to his / her wishes concerning colour, print or text.

End of the return policy

Wenn Sie Unternehmer im Sinne des § 14 Bürgerlichen Gesetzbuches (BGB) sind und bei Abschluss des Vertrags in Ausübung Ihrer gewerblichen oder selbstständigen Tätigkeit handeln, besteht das Widerrufsrecht nicht.
